PA CareerLink Website – go to top right corner and **Register as a New User**

https://www.pacareerlink.pa.gov/jponline/

Sign in – go to your Personal Settings and at the top left corner, jot down your Participant ID (also referred to as your PID number). You'll need that for services provided to you by the CareerLink staff.

Montgomery County CareerLink Website – good place to go to see news and events, and print copies of the monthly workshop calendars.

https://www.montcopa.org/2114/PA-CareerLink-Montgomery-County

---

Montco Works Website – see the newest version of the High Priority Occupations (HPO) List and read about the methodology used to determine what jobs are included on the list.

https://www.montcopa.org/1569/MontcoWorks

O*NET Online Website – great site to explore new careers. Search using keywords for occupations you are interested in. See the search results, then click on the job you are exploring to see what are the typical responsibilities, education, and experience that job requires. If you expand the Tasks section after you search for a specific role, the language is terrific to help you build content for your resume when describing past responsibilities.
